

# FRED'S APPLIANCE ACADEMY

MADISON, OH

At Fred's Appliance Academy students are given hands-on classroom instruction from an instructor with over 30 years experience in the appliance repair industry. The class will start with basic electrical circuitry and schematic training followed by laundry, kitchen, and refrigeration. A variety of makes and models will be introduced to the students allowing for a complete education on appliance repair. The course will then be wrapped up with a NASTeC (National Appliance Service Technician Certification) exam.

## A 3-WEEK COURSE FROM A TRUE APPLIANCEHEAD
